

JANUARY NEWSLETTER 2017

English News by Suzanne

When God Tells one to do something and his directions are obeyed, everything simply works out well. The November healing retreat was amazing. For example, one lady suffering from depression for a long time was totally set free and has not been depressed or taken anti-depressant's since. We have now upgraded the Ranch as a healing retreat. We had another healing weekend from 13th to 15 January with 20 people where the Lord moved in a beautiful way. The next retreat is planned for the 28th to 30th of April after the visit to Australia and New Zealand.

Pauline Quintella writes, "Prophecies spoken over Suzanne as far back as 2011, are bearing rich fruit in seeing the birth of Inner Healing based at Suzanne's home, Standlake Ranch, in Oxfordshire."

"Of those who attended her latest Healing Retreat, last weekend, most returned home rejoicing, healed or set free. "Standlake Ranch" is an entirely a Spirit-led Ministry, to release God's people from carrying the heavy burdens of hidden traumas, rejection, misplaced guilt, shame, depression, fears, sometimes going back as far as infancy. Releasing others to take the ministry back to their various churches is also part of the programme. Healing through this kind of ministry is powerful, complete and lasting.

Suzanne's next Healing Weekend will be at the end of April, with more after that. The charge remains unchanged at £95.00 for those needing help financially to £150 for those who wish to pay the full price.

For Partners and Friends, it will be a grand opportunity to share experiences, and revitalise spiritual friendships. We would love to see you there, but you will need to book in good time.

Togo Jungle Training

By David Botchway in charge of our work in Ghana and Togo,

Suzanne's Ministries was invited by the church of Pentecost in a village in the Republic of Togo to come and train their pastors and leaders on Leadership for three days. The jungle is very far from town and the pastors don't want to go there for missions and evangelism, so when they invited us to come many people tried to discourage me from going. But God spoke to me and said this is the reason I have called you, therefore don't look back I will protect and be with you.

I faced many challenges on the way which caused the first day of the meeting to rather start deep in to the night, but God moved and touched his people.

There was a mighty move of God, which resulted in healing and deliverances and some received the Holy Spirit. I was very inspired and encouraged by God's presence in the meetings, which confirmed that he is with us and wants to use us to reach the unreached, even in the most deprived areas in West Africa.

I want to thank Suzanne Ministries and you for the support, to be able to train, equip and empower pastors and Christians to spread the gospel of our Lord Jesus Christ. See photos of baptism and new Church plant below.

NEWS FROM JOY JOHNSON NEW ZEALAND

A new year has begun, bringing with it a hope and an expectation of all that God would want to fulfil through each of our lives. Knowing God, listening to Him and following His leading makes for an exciting life! Good things have been happening in the Bible Schools as a result of the training the student's have received and the work of the Holy Spirit. There has been a conviction of sin which had led to a desire to be baptised.

Geoffrey has been receiving many calls from Pastors requesting our Bible School to be placed in their areas. Some ring every day, such is the hunger for good teaching.

We are opening two new schools in Kenya this year in February, one in Lodwar, North Kenya and one in the South at Machakos. Geoffrey says "Step Out in Faith Bible School is running like a burning bush."

In regards to the orphan work we do, the building of a three classroom school block at Kibaale, Uganda, began on 26th December 2016 and should be finished soon. A great start to the year!

Following is an update from our Director in East Africa, Geoffrey Auma, which I'm sure you will enjoy.

God's blessings

Joy Johnson

Step Out in Faith Bible School – Geoffrey Auma

2016 was a year of great experience. We were busy formatting the effective running of the school agenda and operational logistics. At the same time there was good achievement; for we had a big number of people registering to be students, beyond our expectation. Our teachers were ready and well equipped to take up their calling of teaching.

We ended the year with a recommendable work done. We give glory to God, and acknowledge all who stood up to support this work with their financial and material support. May the good God brighten your future and reward you abundantly.

We are looking forward for even higher achievements in this year 2017. Many new Pastors are requesting that they be considered and given the opportunity of study. This came as a result after they heard testimonies from the students whose lives were impacted with this program.

The schools have been a turning point for the many people who were already doing ministry work but without adequate knowledge (Proverbs 19:2). People are now able to see their points of failure, and are busy working through the corrections. We are sincerely willing to continue with this impartation programme, and are ready to reach the voices requesting for the school (Matthew 28:19-20).

We closed the year with 1,400 students from both our centres in Kenya and Uganda. The pending students to be registered by February are already at 1,650 from both countries. Please pray together with us to make a difference in the lives of these dear willing brothers and sisters.

Your sincere Brother in Christ, Geoffrey Auma, Director For East Africa

DATES TO REMEMBER

22nd February to 15th March Suzanne in Australia

15th March to 4th April, Suzanne in New Zealand.

18th April, 10.30 Suzanne speaks on Premier Radio.

28th to 30th April, Healing Weekend at Standlake Ranch.
