

Kenya

Migori District Ayego Church

More than half the people are sick, the rest of the people looked stuck to their pews. The Lord healed the sick, now what? The congregation was small, it did not appear to grow.

Posters were up advertising the crusade. I asked the people "did anyone come as a result?" "No one". "Do you think Jesus would put up posters to come to a certain place to hear Him?" No Jesus went to the people.

"Everyone stand up, pick up your pews we are going to the market place, everyone came outside, now let's sing". We walk with half hearted singing and put up the speakers and megaphone.

Within minutes as the numbers of people double, we sing two songs and give the gospel message. The people respond and become Christians. I then call the sick forward, Jesus heals them then they testify that they are now healed.

That evening many come from the market place. The next morning the church was full to overflowing with more people from the market place who surrendered their lives to the Lord and become Christians. The new Christians join the church.

The church is now an outreaching church going into the market places, schools and prisons once or twice a month. They no longer sit on their pews for long. Now they have a heart to reach the lost.

Gucha Crusade with Peter

Gucha is up in the hills of Kenya, small churches with disunity.

The first night, no response except for one healing and a young man asking prayer for his mother to return after twenty years absence. She had suddenly left the village.

Next day Saturday, the Arch Bishop arrived at the pastors house. It was beginning to rain and it was an outside crusade to begin at 2pm. We prayed for the rain to stop. Suddenly men entered excitedly to tell us, they had just seen the clouds turn around and the rain stop.

We had a wonderful crusade in sunshine and many responded, I also prayed for the Archbishops eyes.

Sunday. To our amazement all the churches cancelled their services and joined ours. We then found out why. The boys mother had returned yesterday, after being gone for twenty years, plus the Lord had stopped the rain for the crusade. The whole village realised now that Jesus Christ is Lord and alive in their midst.

The rejoicing was ecstatic as all the denominations became as one to evangelise the whole community, Now they really believed.

Three weeks later we had an e-mail from the Archbishop to say that the Lord had healed his eyes and that he can now see.

Uganda

"Lord there are rebels in Uganda, do you really want me to go?" "As much as you need me to answer each prayer, so I need you to pray the words that I may answer and heal my people" I then obey the Lord and go to Uganda.

We run the crusades inside the refugee camps. The first evening a cripple on crutches comes to the front. We pray for the cripple and the Lord instantly heals him. He then climbs up the platform and dances with the singers. His name is pastor Edigu Anume. The rebels attacked his village in 2003. They burned his church and bibles and killed his wife and children in front of him. They then attacked him, breaking his hip and leg and left him for dead. He was unconscious and rescued by the Uganda army and brought to Soroti. He was given a pair of steel crutches "but today" he testified over the mike "the Lord healed me" "look".

The next day the pastor walked to the pastors conference, Bishop Dominic gave him trousers, shoes, shirt and a tie. He cried with joy when we gave him a bible. Now he can be a pastor again.

International Healing Crusades 2005

March 4th to 29th. South African Crusades.

April 14th to 1st May USA Instructor clinics and Church meetings.

May 20th to 30th May. Bulgaria.

June 14th to 21st June. Rumania.

September 15th to 3rd October. Kenya, Uganda and Tanzania.

November 3rd to 14th November. Ghana, Nigeria and Benin.

Migowi Light of Jesus Christ Ministries in Malawi

3 day crusades. I get sick with diarrhoea. I am determined to preach. Feeling weak sick and dizzy I speak what comes into my mouth. I then sit down and pray for the sick in one general prayer. Every single person is healed in two minutes. I then discovered there are twelve pastors behind me. I cant remember what I said Playing the tape I discovered it was the perfect message for pastors. Next day I ask the Lord why He had not healed me with the others. The Lord replies "To make you rely on me completely. My child do not limit me, let me be God" "How have I limited you Lord" I ask. He takes me to 1 Kings 18:33 - 39 and says "If Elijah had not soaked the sacrifice with water and filled the trench with water, he would have limited my miracle" "Oh"!

The next five day crusade is the "Light of Jesus Christ crusade" At the first session only 25 people come. Don't limit God, how? I think? I then say "Bring the sickest person in the village here tonight and invite the whole village to come and watch the Lord heal this person. That night the church is crammed full, the people brought the sickest person, seriously sick for two years, shivering under the blanket, I pray for her and the Lord heals her, within minutes she is running down the isle healed. Jesus had showed himself Lord to all.

For the next days, many people came, group after group to receive healing and Jesus into their hearts, including two chiefs and Judith and Maria, both were born deaf and dumb, both were healed, they are now learning to speak. Let God be God and HE SHOWS HIMSELF AS GOD.
