

**Bishop Domnic Ochoo has taken on this Orphanage.**  
**In his words "The reason I do what I do is –**

**For instance I buried five people yesterday from the same village with a population of ten thousand people. These people left children with no one to care for three out of these five who were brought here from Nairobi. People die outside and then they are brought home where the children are abandoned. Even the number of elderly people has reduced. These children will not get education if they become houseboys, girls turn to prostitution. Some will be misused, the case has always been that if an orphaned child is chased from school he/she will turn out to be a housegirl/boy or slave in order to get food, some run to the streets or beaches. The Lord dealt with my heart to give them hope, Please help me to give them hope."**

**Location: Kisi, Homa Bay, 40300 Kenya**
