### BALA MERCY ORPHANAGE KENYA

The improvements in one year are a lot, with two new buildings, four large fresh water tanks, a gas stove, school uniforms, and some basic medical care.

We also have 32 sponsors who give £10 per month =£320 per month. We desperately need a further 18 sponsors to bring the basic balance to £500 per month to feed the children and pay the teachers. Please help if you can.

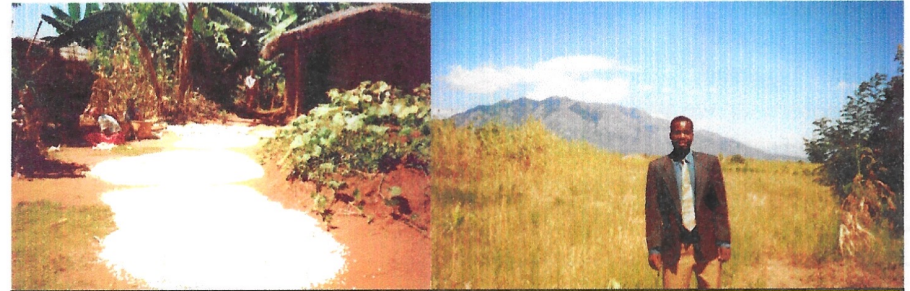

The floods have also caused loss of homes and crops, so many have sought refuge in the only permanent building in the area, the orphanage for food and shelter. At present the needs are desperate because of the floods.

If any can help, sponsor an orphan or help the flood victims, please make out a cheque to the "Bala Orphanage."

## A Hindu meets with JESUS

A Hindu lady hears message on Premier Radio. She phones them, they give her our phone number. She comes to the Monday night prayer meeting. We pray for her. She falls down under the power of the Holy Spirit and she receives Jesus into her heart proclaiming it out loud. She gets up and says she has met with Jesus and Jesus has healed her of Lymphoma, a cancer of one and a half years. A week later she phones to confirm her healing and to say she has bought a bible and joined a church in London.
