

STANDLAKE RANCH NEWSLETER March 2004

Downs Road, Standlake, Witney / OX29 7UH / Phone: 01865 300099

Dear friends, E. Mail.(wpillans@aol.com)

The Lord is doing some wonderful things. He raised a lady from a wheelchair after some years, just through watching our video of the Ghana Crusade. As a result we are putting this Crusade on National TV in Ghana. that others may also come to know Jesus and receive their healing through watching.

The organisation for the crusades in Kenya, Uganda in April and in July Ghana and Nigeria are going well.

Our message at present is "Rise up to your full calling and potential in Jesus" This message is causing a powerful response especially in South Africa and Ghana where the Lord healed the people in their seats, and demons came out as some fell to the ground, within a few minuets everyone was set free, healed and praising God, it was fantastic, it is this message and response that will be shown on TV.

Here are just a couple of the hundreds of healings that took place. The lame walked the deaf and dumb could hear and learn to speak, the blind could see and the sick were healed. We simply watched the Lord do it. **Below are some healings from South Africa Crusade.**

This is our first newsletter to a wider number of people. We also send out regular teaching letters to encourage the pastors of Africa and others who wish to receive the letters. I have enclosed one of these plus my itinerary. I have also written another book and have video tapes or audio tapes of some of the talks.

Please let us know if you do not want to receive news letters, or would like to order items. We thank you as you stand as partners with us in all that the Lord is doing. In His Service.

Suzanne, Wilfrid, and Rebecca Pillans.
