

Local News England

So far this year we have spoken in 16 churches, on radio twice, and on TV once in England and twice in Nigeria. We have also spoken at Woman Aglow and the Business Men's Fellowship. So far we have preached in England or overseas 114 days out of 213 days. This is the busiest I have ever been in my life and I love it.

Apart from this the "Standlake Ranch" is now open and booked with campers. We have 40 beds and the Lord has enabled us to furnish the building to a high standard. This Holiday Ranch is a miracle of God's provision and enablement and we thank the Lord for all that He has done to bring it to completion without borrowing from the bank. We therefore have no mortgage to pay off. Only God could have enabled this.

The riding school is booked up solid and has been successful in every way. We have 17 horses and over a 100 pupils each week. We praise the Lord for the success of this riding school and for the good instructors and staff who help run it. The happy atmosphere amongst the children is a pleasure.

Samantha Jackson also competed and made it to the national championship finals at Stoneliegh to ride with the 100 top juniors of the country. Well done Samantha.

We thank the churches who gave generously towards the overseas crusades, Bicycle Ministry in Kenya and Uganda and TV evangelism in Ghana and Nigeria. Without your support financially and in prayer we could not have done it. Please carry on praying.

We are also prepared to speak in churches and are taking bookings for speaking Engagements now, for the rest of the year and next year.

People in wheelchairs with Strokes etc turn up at a meeting in London after I had spoken on Premier Radio. One was even healed as She walked into the church. Jesus is still alive and still heals the sick, wherever we go.

We prayed proxy for a lady's sister in hospital with cancer, too sick to come to the meeting.

A few minutes after the prayer her mobile phone rang. It was her sister in hospital on the phone, to say that Jesus had just healed her from Cancer and all pain was gone.

I repeated her words to the whole church and the people erupted in praise to the Lord.

God moves in new ways

Uganda & Kenya Bicycle Ministry

The Lord reveals to me, that I am to reach the small villages that have not yet heard the gospel. "That would take me two lifetimes" I reply.

Then God shows me how. Within one week, He raises up 20 Evangelists in Uganda and 30 Evangelists in Kenya ready to take the gospel into the small rural villages. All they need is a bicycle to get there and a megaphone to call in the people to listen and hear the word of God.

Already the first bicycles have been sent and the Bicycle Ministry is already in operation. Not only that it has already spread to the rainforest villages of Ghana and Nigeria "Why has no one thought to do this before" I ask the Lord.

This is directly from the Lord and I would not have thought of it either, I simply heard the Lord and obeyed and it is He alone, who is causing all this to happen.

Cities Ghana & Nigeria TV Evangelism

Three days of Crusades are cancelled. I did not go to Nigeria to sit around. I ask to speak anywhere, and speak at a prison and a high school.

On the way back from the school the Lord says turn around and go to the TV people. I return to the school the camera men have left. The Lord says "not here" go to the TV Studio. We go. We are told to meet the special editions manager. He is a Christian and invites me to speak live 8am next morning and to do a 1 hour broadcast on Monday 9am. Both include the gospel.

Message, prayer of salvation and prayer for the sick to be shown in 9 states in Nigeria at no cost.

Following these two broadcasts, we have four sermons including prayer for salvation and healing of 45 minutes to be shown between now and Christmas in Nigeria. Two 1 hour broadcasts are also to be shown on nation wide national TV in Ghana.

Only the Lord could have opened such doors to reach the millions, rather than the thousands that He had allowed to be cancelled.
