The Migowi church is now complete. A big thank you to Cote Baptist Church for their support. We praise the Lord for all that He has done in Migowi in answering their prayer For rain to come within the hour, causing the whole community to become Christians. These people have learnt what they have through the power of the cross and we are not afraid to walk in the authority that Jesus gained for them on the cross. When they need rain now they pray for it and their harvests are now successful.. Thank you to those who gave towards this miracle.

News From Bala Orphanage

Eve and Anthony Trevor's family and I visited Bala Orphanage. There are so many improvements. The children are now well dressed and braid their hair. They have another new building for class rooms, they have fresh rain water for drinking. They have a large water tank with a pump to fill the tank with water from the river. This enables the orphanage to have a tap with running water. They even have a flush toilette for the guests that works.

Thank you for all those who sponsor one of the orphans, or have given to this work. It has made such a wonderful difference to the children who could not thank us enough on your behalf..

News From Uganda & Kenya

They only need another 10 bicycles and megaphones, plus bibles. They will leave at least one Bible in each village they visit. The elders of the villages will then read the bible to the people on a regular basis. At present the villages have no Bibles at all. Thank you so much for contributing for bicycles, megaphones and bibles to get this project this far so quickly. The villages are now receiving the gospel due to the bicycle ministry.

Village people respond to the Gospel due to bicycle ministry.

Uganda

"Lord there are rebels in Uganda, do you really want me to go"? "As much as you need me to answer each prayer, so I need you to pray the words that I may answer and heal my people" I go.

We run the crusades inside the refugee camps. The first evening a cripple on crutches comes to the front. We pray for him and the Lord instantly heals him. He then climbs up the platform and dances with the singers. His name is pastor Edigu Amume. The rebels attacked his village in July 2003. They burnt his church and bibles and killed his wife and children in front of him. They then attacked him, breaking his hip and leg and left him for dead. He was unconscious and rescued by the army and brought to Sorroto. He was given a pair of steel crutches "but today" he testified over the mike. "the Lord healed me" "look"

The next day the pastor walked to the pastors conference, Bishop Domic gave him trousers, shoes, a shirt and tie. He cried with joy when we gave him a bible. Now he can be a pastor again.

Hundreds get healed saved & delivered

There is revival in Uganda that started in January when the rebels were within a half days walk of Sorroto sending their witchcraft spirits ahead. The churches got together and prayed through the night, the witchcraft spirits could not work and suddenly the rebels retreated. Prayer had the victory. Now other towns in Uganda have turned to prayer and even lunch time prayer meetings of up to a thousand attend. Every town where people have prayed, God has protected His people like in old testament times

During the crusades the Lord moved gloriously in healing deliverance and salvation.
