

# Blessings in U S A

The three clinics at Faith Ranch were successful and I met wonderful people there who loved the Lord and are opening riding schools or trail riding at Christian ministries to teach riding with the gospel.

Between the clinics, I was invited to the International House of Prayer, run by Mike Bickle in Kansas City. This was an amazing two days with our friends Paul and Shirley Farnham. A time of much blessing, teaching and encouragement.

After the third clinic I was invited to Voice Ministries to speak on Saturday evening and in the Sunday morning service.

It is a very special ministry with a 24. 7. Prayer house and riding school. The Lord also moved and healed many people.

At Faith Ranch I also spoke at churches and prayed for people at church or back at the ranch where the Lord did some wonderful healings. Going to the USA is always a happy and blessed experience.

Above Shirley healed from stroke. She had paralysed left arm & leg
