

Invitation to India BICYCLE MINISTRY

**"2005 Youth Conference"
To 15,000 Young people
And to 1,000 Pastors Conference**

This invitation comes through - its already too late to respond for July, so I put it aside.

On Sunday I felt prompted to respond. They e-mail me back straight away. The July conference was cancelled due to rain and no Evangelist. Could I come 23rd to the 25th August.

The harvest is plentiful but the laborers are few.

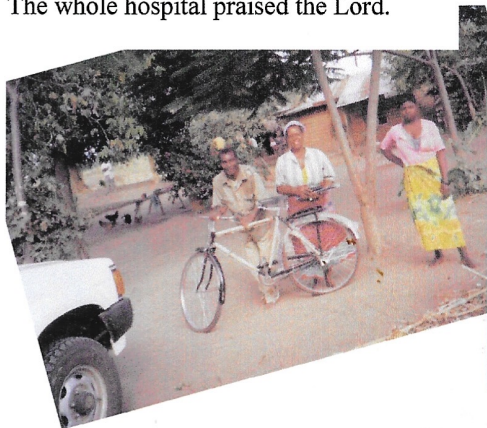

If I had not responded to this work it would have been left undone, but God wants us to reach the lost and so prompted me to respond to this invitation.

Please pray with me for three great days of Evangelism, that many may come to know Jesus as their Lord and Savior.

Dead man raised in Malawi

One of our team prays for the sick in a Blantyre hospital. Last Sunday they would not let him in the front entrance of the hospital so he went to the back entrance.

Seeing a dead man, he prayed for him and the Lord raised him from the dead. The whole hospital praised the Lord.

The Bicycle Ministry has taken off. In Malawi alone there are three new churches planted, Liuhwide, Sathawa and Nomboro with the total of 2006 new converts.

Pastor Tennyso Munya writes. 'Pastor Suzanne you left a very big task here I am making sure that the goal is done. Please as the ministry is becoming big it lacks a number of things.

1. Stationary. 2. Office equipment. There is also a big problem of scarcity of bibles in the planted churches where the whole church may have one rugged bible. Please consider these things.. Thank you, Pastor Tennyso Munm.

We have also reroofed the church in Samuti Village which cost two hundred and fifty to rebuild the church using cement instead of mud to keep the bricks in place and to put on a tin roof on new rafters. Pastor John Chimwaye and his six church plants numbering over 1.654 became Christians in December having turned from worshipping Nimrod to Christ.

In Kenya we are roofing five churches. In Ghana one church for the rain forest area at the request from the king., and in Bulgaria one church which is to serve six villages. That is a total of ten churches.

TV Ministry

The conference in Zimbabwe had to be cancelled, due to elections at the same time as the South African crusades. No meetings were allowed in Zimbabwe at that time. So how do we reach Zimbabwe? Put on a TV Broadcast called "For whom shall you vote". So I challenge people over Premier Radio to come and watch Jesus heal the sick in London on January the 30th 2005.

The church was full and Jesus healed the sick. The message filmed was "for whom shall you vote" giving the greatest vote of our life time. Eternal life with Christ through the gospel or eternal hell with the devil without Christ.

Going to South Africa with "whom shall you vote" was not so easy. The Zimbabwe TV Studio gave no response at all. I tried everywhere, and prayed that if the Lord told me to do the broadcast, it must go on air, somehow.

The Lord answered wonderfully as He led me to phone the South African Broadcasting Corporation. The broadcast was not only accepted but "Be filled without measure" also. Not only to be shown in Zimbabwe, but in every African country south of the Equator, all at no cost.

My goal for this year was a TV Broadcast in eight African countries, but by April 2005 the Lord had already doubled it to sixteen countries from South Africa. At present we are negotiating the TV Broadcasts to include Kenya, Uganda and hopefully Tanzania. All this on National TV. to reach millions.

All these broadcasts are filmed with a mini DV Camera and are professionally edited here in England. Most messages also include wonderful healing miracles that the Lord is doing.

If you would like a copy of these broadcasts you can order one on VHS at only five pounds per broadcast or DVD at ten pounds each. Praise the Lord with me for what He is doing.

South Africa & the USA

In South Africa Suzanne spoke in conferences and churches in Johannesburg, Port Elizabeth and Orange Free State. Everywhere she saw the Lord at work, as people were healed saved and delivered. The Lord also expanded the TV Ministry there.

Suzanne returned to England with Malaria, which taught her a deeper love and compassion for the sick. She then went to the USA. where the Lord brought her into a new level of anointing.
