GOD'S BICYCLES PLANT A CHURCH FOR £69

New bicycles for evangelism in Zambia
Our vision is to equip hundreds of evangelists with bicycles to reach thousands of villages in Africa and the Far East.

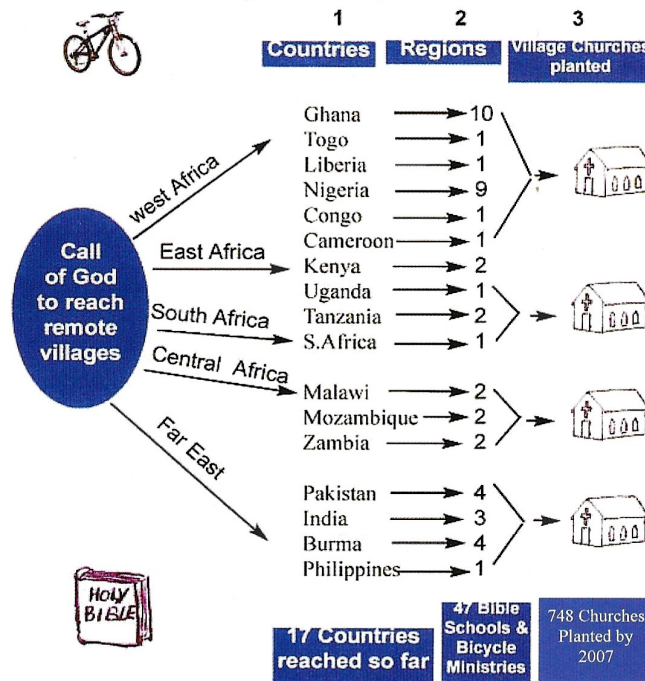

These evangelists are reaching the unreached who have NEVER HEARD THE GOSPEL simply because there are no roads to the villages. ONLY A BICYCLE CAN GET THERE as it is often too far to walk.

2005 22 Bicycles. Planted 34 churches.
2006 100 Bicycles Planted 186 churches.
2007 301 Bicycles Planted 758 churches.
Discipled 5801 New believers.

£69 will buy a bicycle megaphone and 2 bibles and on average 1 bicycle is enabling 1 evangelist to plant on average 2 churches per year.

STEP OUT IN FAITH BIBLE SCHOOL AND BICYCLE MINISTRY 3 Step Plan

1. Plant Step Out In Faith Bible School in each country under the head pastor in Africa and Far East.
2. The head pastor of each country networks across denominations in each region of the country to plant regional Bible Schools to train evangelists & equip them with bicycles & Bibles.
3. The trained evangelists then go into the remote villages on bicycles to preach the gospel, plant churches and disciple the new believers.

If we can supply sufficient bicycles to equip each region in each country, each region will go into every village with the gospel.

This means that within 5 years every village of these countries can be reached with the gospel.
