

A beautiful waterfall sparkled in glorious light, then I was drawn down into blackness past demonic images, "please don't show me hell" I called out. Next I saw cars on a filthy road with intoxicating fumes and smog, I saw people already living in hell on earth, totally lost, sick, lame in poverty and despair. The Lord said. "These are the people who need to be reached." After this vision I took Holy communion from Luke 22: 19. "This is my body **given for you**. This cup which is **poured out for you** is the new covenant in my blood". Given without measure. He has also poured out His love without measure. Next day we drove ten hours through the night to a three day crusade where only unbelievers were allowed to attend.

"Lord, what are you going to do tonight, what do you want me to say?" "Yes, I want you to let go my child, let go of everything and trust me, then you will not limit me. Speak my truth from you heart, proclaim me in the reality of your experience of me. Take them with you into the hurts you have seen the devil do to my people. Tell them what I have done for them, tell them who they are in me and prepare them to receive from me and you shall see what I shall do tonight."

I obeyed and the Lord did incredible healings and almost all received Christ. Then I discovered that it all went out live on TV including the paralysed lady from the waist down, who got up and walked.

Next day and Sunday the Holy Spirit came down again and the healings were such, that the TV cameras came to film the healings and testimonies, which were shown on the TV news that night.

After returning to the city I was asked to a village to pray for a lady with a crushed arm, people were crowding into the room to watch the miracle, I cast the mountain of doubt out of my mind and commanded the arm to be healed in Jesus' name. The arm straightened, swelling and pain went and strength came back into her hands, she was healed, I gave the gospel message and led them all through the sinners prayer. The little crowd then followed me back to the car and I noticed 2 ladies, one with white cataracts on her eyes, still there. I said "Jesus, if you were here you would have healed her eyes." The Lord replied "Pray for her." I asked "Do you want to see?" "Yes!" "In the name of Jesus cataracts GO! Be healed in Jesus' name!" I watched her eyes turn brown. I held up two fingers "How many fingers am I holding up and she says "I can see your hand and fingers but no-one has ever taught me how to count." I smile, she returns the smile. We walk to the car with the small crowd saying -

"Jesus, Jesus." I said to them "I must go, but Jesus will stay with you." "Follow Him!" "Jesus," I prayed, "I felt your love and compassion for them and I saw you do those beautiful healings, so Biblical so wonderful, can you be this close to us?" "Thank you Jesus, Thank you for everything, Your Love is without limit, given freely, extravagantly, open, and complete. Love so great, beyond the physical, beyond limit, God's love for us, without limit.
