Dear Friends,

The goal of raising 100 bicycles in 2006 was reached with 102 bicycles and we gratefully thank you for every gift that made this possible. This enabled 178 churches to be planted in villages where the gospel has never been heard before.

We also praise the Lord for raising up 51 Bible School groups in 17 countries, with 639 students who are graduating between now and July depending on when they started.

This leaves us with a massive challenge as already 233 graduates are awaiting bicycles to start evangelising. This costs more than we have. I managed to raise £1,000 from our account opened for our monthly supporters, £500 from our USA account & £1,500 from the ministry and personal account. This has supplied 75 bicycles leaving 158 bicycles that are urgently needed now at the cost of £5,120.

To-day I received this letter from Kelvin Shinga of Zambia.

"Dear Rev. Suzanne,

Thank you for your email. 2 churches have been planted so far. We need bicycles and bibles so that many churches can be planted. Some places are too far to be reached without bicycles. We have students in rural area and here in Lusaka. We meet in a small house due to lack of a better place. We have poor pastors who can not afford to pay for a course, being trained under "Step out in Faith Bible School. What a blessing to train a servant of God. What they are saying is that this is the best bible school in their area so far. The miracle testimonies by Rev. Suzanne are very encouraging. They are challenged to pray so that the same anointing for miracles which is upon Rev. Suzanne can come upon them as well.

We need bicycles and bibles so that more churches can be planted. I have some highly anointed Evangelists from rural areas who have come to tell me about the struggles they are having in reaching some villages due to lack of bicycles. If given some bicycles a lot of churches can be planted.

Please pray about it.

Kelvin Shinga"

We sent him money for 10 bicycles this week, but **more are needed.** There are more emails like this.

The vision, where I felt a minute drop of God's intense love and sorrow for the lost, destitute, & sick people in these remote villages, presses me on to do my utmost to obey Him. This truly is God's work.

Please pray with me that God will provide the £5,120 for the bicycles needed. Each bicycle can plant 2-3 churches a year! 233 bicycles can plant at least 466 churches of +/- 100 people each. This means 46,600 people can be reached and discipled in new churches this year.

In Pakistan we were gifted with 22 bicycles & 64 churches have been planted. In Wa, in Northern Ghana, Africa, 4 bicycles were donated last August & 15 churches have been planted. The scope is enormous.

Please pray with me that the Lord supplies our needs for bicycles.

Thank you for being a partner with us in this work the Lord is doing.

God Bless you greatly.

Suzanne.

Laying hands on a new bicycle for the work of evangelism, India.
