

## When the Lord Himself moves

Cameroon

We are ready, but we have no idea where we are going today, when we are going, if we are going, or how we will get there, only God knows that!!!

We are supposed to be going to Tombel, but no-one has turned up to try and make other plans. He phones Pastor Emmanuel who pastors a church in Idinau.

“White people – yes please bring them”

I had a vision on the 6<sup>th</sup> of this month that white people would come and deliver our community from witchcraft and marine spirits.

We get together to pray, bind down every demonic spirit in Idinau and our host offers to drive us there. An hour later we arrive and hand Emmanuel my battery operated loud speaker. He goes round the community telling everyone that the whites he prophesied would come have arrived. The church soon fills up with 50% unbelievers.

After giving the gospel I call for salvation and many respond. We then pray for those needing deliverance and healing and many are set free and healed. We then pray for a lady to be set free from curses and tell her to forgive this lady who keeps putting curses on her and to give her the gospel. She said she would. Pastor Henry at the same time prophesied that there was a certain lady who if she did not repent of her evil deeds towards Christians, would die within three days. I was horrified at such a prophecy but could do nothing about it now.

Next day double the number of people arrived – in fact far more than the crusade we had spent three months organising. Many more responded to receiving Jesus as Lord and many others were healed and delivered as I also had to pray for the overflow people outside the church.

The following day we went down to Pastor Chris' prayer hut on the beach when suddenly Emmanuel arrives to tell us that the lady we prayed for had gone to the lady who was cursing her, forgave her and gave her the gospel. The lady then got even more determined to put curses back on her and discovering that the local witch doctors of the village were not working for three days went to another village to find a witch doctor who could curse this lady. As she began to return from putting this curse on this lady, this lady suddenly dropped dead. The prophecy was fulfilled and caused many to come to Christ. The village now knew that Jesus saves, heals and delivers, but those who will not repent of their sins will die in their sins.

Going to Africa is not going with what we can do for Christ, but to be used by Christ in the way He wants to use us and this can effect great changes for our God is an awesome God, He does not change. He instead brings the book of Acts alive to us as He moves in similar ways.
