

Progress In Motion

Black stars show position of the Bible Schools in Africa

We now have 130 pastors who run or are about to open a Bible school. The number of churches planted are visited regularly by our head pastor or myself when I visit the country.

In Kenya only 11 of the 46 new churches have been roofed. I obtained the number of converts in all the churches in Kenya and they come to a total of 1,464 new believers. The smaller churches I insisted that they use grass roofs leaving 8 churches that need a tin roof, which amounts to the total cost of £3,360 to roof all 8 churches. To try and cut this cost down I have asked Bishop Domnic to experiment with a thin cement roof over chicken wire for one of the churches.

TV. Broadcasts Promote Our Work.

Our weekly broadcast shared with Derek Walker of Oxford Bible Church is generating more interest in attending or opening up new Bible Schools. Derek Walker and myself have been invited to a crusade in Nigeria in 2007. December 12 – 17th where we will speak in a large outdoor crusade.

Invitation To Pakistan.

A pastor sold his motor bike and wife's jewellery to buy an air ticket to attend a conference and also to personally come to our home to invite me to come to Pakistan from the 1st – 15th March 2008 to give the Gospel at his crusades. How can I say no? Such hunger for Jesus is what brings revival. Please pray as we make arrangements for this coming visit to Pakistan. We have also been invited to India in January 2008 & Poland for a weekend.

Please Pray For:

- Completion of church roofs Kenya.
- To complete the need for bicycles for 2007.
- Finance for 51 new Bible schools at £20 each.

English Speaking Dates.

22nd Sept. 6.30pm Shalom book shop at Bourton On The Water.
 30th Sept. 10am – 1pm Live Glory Ministries London.
