

STEP OUT IN FAITH, CRUSADE REPORTS.

Bulgaria Visit by Nellie Hristov 16 – 26 Oct 09

I want to glorify Jesus for the miracles He did in Bulgaria through His servant Suzanne Pillans. There was a little boy in town Gulubovo his name is Hristo (Chris), aged 7 years old. Chris had never walked and looked like a 1 year old baby. When Suzanne prayed he was instantly healed in the power of Jesus and able to walk for the first time! As Chris took his first steps, his mother walked with him and held his arms. The little boys grandmother called and said when they went home the boy wanted to walk for 1 hour, the mother still holding his arms. Chris had surgery on his little feet. They came again to the Church of Miracles again on Sunday morning, the boy walked all the time with his mothers help. We believe he will start growing and running very soon with Jesus help.

There was a lady called Maria in Gulubovo who came the first time to church, she was ill from diabetes and had very bad vision. Suzanne prayed for her and then Maria went home and watched TV without glasses for the first time.

Kirilka Krusteva from the Pentecostal Church – Stara Zagora shared: 'When Suzanne asked us to put our hands on our sickness or pain, I put my hand on my right ear and asked Jesus to put His hand on my hand. I heard a sound and my ear opened, I can hear now! Praise the Lord'.

Dr. Ivan Nedeechev from Messiah Church gave his testimony in the church on Wednesday evening. He had pain in both hands, when Suzanne prayed and asked Jesus to put His hand on his, the pain left. His hands are much better every day, praise the Lord for doing miracles in Jesus name.

Tania said she felt the presence of the Holy Spirit; a problem in her stomach was healed and she is now free in Jesus name.

Gergana from the village Pustren was very disappointed she missed sister Suzanne this year. Last year when Suzanne was preaching in Pustren and praying for the sick people Gergana had a problem with her eyes and the problem left, she is very glad and blessed and wanted to see Suzanne again.

There are many more miracles that happened, praise the Lord for His love for His children. He loves us so much and continues to show His great mercy every day. We know His mercy is for ever and ever.

IN BULGARIA Jesus instantly heals 7 year old Chris who was born paralysed in his whole body and could not speak. Here he is taking his first steps full of joy, as mom supports him. He also said his first word.

India Report

By Steve & Sonia Coleman – Andre Pradesh, India Nov 2009

A turning point in our lives.

We are a couple from Canterbury in Kent, and first met Suzanne Pillans at a Holy Spirit teaching Day in Sandwich, Kent in October. We immediately realized here was a woman of God, on fire for Jesus. After talking with Suzanne that weekend, we were invited to join her team on the mission trip to India in November!

We arrived in India on 1st November to a glorious welcome from Rev. Ganta, his family and his team of Pastors. Driving to his home about 2 hours away was the beginning of the culture shock.

The noise, car horns blaring, trucks, motor bikes, ox carts, bicycles, tuc tuc's, pedestrians, the dust, the heat and humidity. The towns are teeming with people. Women dressed in Saris, men with pieces of cloth wrapped around them. Cloths of every colour assault the mind, and on every street corner statues to their demonic 'gods'.

From the beginning, The Lord knit our team of six in unity of spirit and purpose for His work. The crusade was exciting to say the least. We will never forget it. Thousands upon thousands of people sitting on the ground waving their arms in praise to God, the singing, the sea of faces, the beautiful women dressed like jewels in their sari's.

Suzanne stood to preach. Who has ever heard of anyone not preparing realms of notes for a mass crusade? Suzanne doesn't, she waits on the Lord, He tells her what to say and she says it! The effect is electric with thousands standing to receive Jesus as their Lord and Saviour. Suzanne invites them to receive healing by placing their own hands on their sickness – hands go up as the blind eyes see, deaf ears hear, the lame walk – it's just as it was when Jesus walked this earth 2000 years ago.

Awesome Testimonies

People were healed from a distance at home and phoned in, leprous hands were healed, children began to walk for the first time. At the end of the crusade the team joined in to pray for the sick and bless everyone who wanted prayer. We were swamped, almost crushed from the crowds but what a mighty God we serve!

We had seven days of three crusades, church plantations, church openings, a pastors' conference, baptisms, church and orphanage visiting. A full schedule with little time to eat, rest, wash and change before we were driven on to the next event. Sometimes home at midnight and up by six.

Especially moving was the church plantation at Lankalakoderu; we were given fresh coconuts to drink from and feted with garlands of Marigolds and Jasmine. The ground was hard and dry, a hole had been dug in one corner where the building was about to begin. A pile of bricks, one for each one of us, waiting to be placed as the foundation stones.

Deaf and Dumb Boy Healed

One church we visited on the last day was especially moving. The pastor had been stabbed repeatedly by the Hindu village leaders and left for dead but God healed him in three days and, when approached, the Hindu leaders challenged the pastor to show if God would heal a local deaf and dumb boy as well. God healed the boy in front of their eyes and the whole village of 2000 people turned to Christ. As we entered the gate to this small church the holy anointing of the presence of God was so strong on the place you could feel the weight of His love and peace – there could be no doubt or unbelief in your mind, truly God was in this place. Fifteen minutes were allocated but we stayed forty-five. People received the word given by Suzanne, received healing and the anointing. I will never forget it. It will stay with me forever.
