- November. 29.** Redeemed Church of God, **Glouster. Phone: 01452 529465.**

Telephone Evangelism News

As a Result of people being saved, healed and anointed for service through simple telephone messages to churches or outdoor gatherings, we have made this available to all our bible schools, new church plants and help to evangelists going to new areas.

Up to now the lord Jesus has done some mass healings over the phone where 30 people or more have received instant healing in a couple of minutes together, the lame have walked, paralyzed arms healed, cancer lumps have disappeared and fevers or sickness have left their bodies. This has caused great excitement especially in Pakistan where preaching and healing by telephone has become a weekly reality. I have never heard of this style of evangelism happening in mass before, but Jesus is lord and we need to walk into any new area that Jesus opens up for us with joy.

Our Prayer Needs

1. Bicycles for India at only £32.00 per bicycle. The price will go up to £50.00 each at the end of this year so this is our last chance to buy bicycles at £32.00 each.
2. 36 Bicycles for Uganda at £50.00 each for evangelism.
3. Zambia orphanage needs £900 per month to feed 139 recued orphans. Please pray that a larger ministry will be able to take over these two orphanages.
4. We are planning to promote a community business project of a truck which will solve the current transport problems in Zambia and produce a profit to feed the orphans and supply community needs in this poverty stricken area.

A truck will cost £10,000 and could earn between £500 and £1,000 per month towards these costs and help make this area self sufficient. Please pray that we hear the Lord clearly in every step and that this need will somehow be provided if the Lord wants us to go ahead with this project. We thank you for making all this work possible.
