**Massive Growth**  
*Spring Newsletter 2009*

A tremendous challenge faces us with 9,062 students for 2009, of which 1,024 have already graduated in the April 2009 evangelists conference.

With over 2,000 bicycles owing from 2008, Suzanne did a two month fund raising tour. In Australia a new office was opened and Suzanne has been invited back next year. She then went to New Zealand, USA and UK. We raised 770 bicycles altogether.

Suzanne then had three days at home and left with her husband Wilfrid to India, due to a half price air fare and the awarding of a honorary doctorate by the United churches of India. They were also joined by Corinna and Davina Allen and thoroughly checked every aspect of the ministry in India.

The results of the ministry in India was overwhelming with 3,800 churches already planted this year 2009. We visited many of these church plants and found that 36 Lutheran and 16 Anglican small brick village church buildings had been given over to us to administer, due to the churches being closed through lack of pastors to administer them.

Seeing that these main line denominations are sending their people to train at our bible school, I suggested that their evangelists whom we train, should run these village churches under their own denominations, provided that they provide them with a bicycle so that they can do a proper job. A pastor needs to run at least five village churches to earn enough to live on. It is the work of the Holy Spirit through the ministry of our evangelists that has made this church growth so successful.

We then visited villages that have never had a church before. These new Hindu converts to Christ are donating land and erecting churches. In Varaghedu village a converted politician is building a large 30m by 10m brick church building for the 500 new Hindu converts to Christ!

Many brick churches are being built this year and the rest are bamboo churches.

Up to 1,000 churches are opening a month. We need 1,200 more bicycles at £32 each, to complete the needed bicycles of 2008,

Evangelists showing their certificates, plus books from 'Derek Prince Ministries'.

**New Zealand Report**

*By Joy Johnson*

North Canterbury has really been blessed by Suzanne's visit. She spoke at eight churches and challenged the body of Christ.

A new level of faith has risen in our hearts to believe God for more than we have yet experienced, to want to move in the gifting of the Holy Spirit and to pursue righteousness, in order to be clean channels for God to pour out His anointing through us.

As the meetings progressed, we saw the level of healings grow, sight being restored, hearing improving, pains of many years totally removed, backs healed and others delivered from demons.

One girl was on crutches for four years, after prayer was able to run. She gave her testimony of healing at her high school assembly the next day.

Churches and individuals gave very generously enabling 145 bicycles to be purchased.

My life personally has been touched and changed by having the privilege to go with Suzanne to all the meetings, hear the teachings and see God's glory coming down in healing upon His people.

**Suzanne's New Book** is out. A 1/3 page display in the 'Bulletin' which is (Europe's Christian book distributor) 'Dare to do only the Fathers will' has affected and changed Suzanne's Ministries into what is happening today. When we seek only to do the Fathers will, then He can do more through our lives than we can think or imagine and Suzanne's Ministries is definitely a testimony of this.

To order this exciting book on the 12 times Jesus says He only does the Fathers will in the book of John, plus Suzanne's testimonies. Please fill in the enclosed form.

The book costs £6 each or 12 DVD's are £15 a set.
