

Write up from editor of Christian Society Newspaper.

There are many denominations and divisions that are scattered without the Holy Spirit of God. Step out in Faith is therefore moving forward for the extension of the Kingdom of God through 'Step Out In Faith School Of Evangelism' in various parts of India. The main goal of the ministry is to reach as many people as possible with the gospel of Jesus Christ. The goal of the ministry is to visit every remote village with Christ's gospel and plant churches where necessary. The ministry is reaching many thousands of souls through the gospel. The ministry is also happy to introduce the Holy Spirit to the people of existing churches as well as the leaders through the gospel crusades. The Hindus are happy to know about the Lord Jesus Christ, so the ministry has been doing mass crusades, village crusades, as well as church plantations. The ministry is hoping that in the coming years all the denominations, churches, leaders, new converts and the poor and needy will come under the only one spiritual umbrella of Jesus Christ. To reach this goal we all must pray.

Move of God - India

A pastor visits a Hindu village with the gospel. The horrified and angry Hindu leaders knife him in the head and back and leave him as dead. One of our evangelists who happened to be cycling past, stops and gets the pastor to hospital. The pastor makes a miraculous recovery and returns with our evangelist to the people who had knifed him within the week. He says to them 'Look see, how my God has healed me'. They look in amazement, then one of them fetches a boy born deaf and dumb from birth to see if God can heal him too. Our evangelist prays for him and the Lord instantly healed him. As a result these leaders, plus 1,200 residents of the village receive Jesus as Lord. The pastor has now joined our Bible School of Evangelism and they have invited Suzanne and team to visit their new church in November.

Move of God - USA

In Texas we visited a mission for the homeless. As Suzanne entered the church the Lord showed her the drug addicts, alcoholics and the hopeless. She gave them the gospel message and offered to return daily to the half hour service they needed to attend, before having their meal. On the last day she said 'Every one is hurt or abused or has suffered in some way. It is how we respond that matters. Do we let the problems take control of us, or do we rise up in Christ and take command over our problems? Thos who want to receive Jesus and take command over your problems in Him come forward. One by one many came forward and in tears received Jesus as Lord and Saviour.

Move of God - New Zealand.

Joy Johnson invited me to meet Warren Smith who directs 'Derek Prince Ministries' Asia from Christchurch in New Zealand. I walk into his office, and meet Warren and he then asks me to tell him about the ministry. Suddenly he stands up exclaiming 'I have been waiting for you to come here for months'. Surprised I ask him 'why? In 2002, the year the Lord asked me to start the bicycle ministry. The Lord gave Warren a vision of an Indian cycling out to plant a church in a remote village with no books, just a bible. The Lord then tells Warren to translate some of Derek Prince books for Indian evangelists to help them reach the lost. Warren obeys the Lord and I was one of those people who could distribute these valuable teaching books.

Within a week the 1,500 books arrived at our office in India. On the 18th of April We gave each evangelist a Derek Prince book with their evangelist certificate. Due to this wonderful move of God, Warren is supplying 9,266 books to our graduates this year free of charge and also offered me the chance to partner with Derek Prince Ministries (Asia.) As a result of this partnership we are going to launch our discipleship course to also include Derek Prince teachings to the West, to build strong believers as well as training evangelists for ministry. Please let us know if you would like to do the Step out in Faith / Derek Prince Discipleship Certificate; which is a correspondence course. We will then post you the course. The four books will cost £25.

Move of God Pakistan

Suzanne is invited to Pakistan for the graduation of eighty students, Suzanne prays about it and the Lord shows her a new way of doing graduations. 'Phone me on the day' she says to pastor Arif 'and I will do the graduation over the phone'. At the precise time of the graduation, pastor Arif phones Suzanne. Suzanne gives the sermon over the phone, while pastor Arif translates it to the students in Urdu. Suzanne then prays the prayer of anointing and the Holy Spirit comes down on the students, stronger than if hands had been laid on them. God Himself has commissioned them and sent them out.

Thank you, your donations are directly Responsible for this wonderful work.
