

3) In Rawand Village Mushag had a skin problem and was in a very bad condition. He said, "if your God will not heal me then please I want to die." God healed him.

4) Warise had a stone in his right kidney. When we asked those who were sick to stand up, he stood up crying and received his healing and said "pastor I am healed".

5) Azhra had a tumour in her forehead. As we prayed over the phone the tumour disappeared. She was so happy and shouted "Hallelujah, Hallelujah!!"

Arif says he is so thankful for the teachings over the phone and about the armour of God. He Said 'The breastplate of righteousness is powerful by the grace of God. Newcomer pastors told us that now they will walk in righteousness from God'.

The devastating floods have washed away 3 Bible Schools completely with generator, keyboard, and 40 chairs. We are raising money to try and replace this loss.

Another Healing testimony from New Zealand

In 2009 a young high school girl had a rare sickness causing great pain with any physical touch and also prevented her walking or running so she had to use crutches. This sickness prohibited her from living a normal life for several years.

When Suzanne prayed for her at Rangiora Baptist Church, she got up without crutches and walked across the floor. Suzanne said "run", and she did. Completely healed! She walked out of the church, her friend holding up her crutches high in the air. She testified to her school the next day and now in 2010 is still testifying of God's miracle power that touched her and healed her instantly. A true miracle from God.

Vanessa running for joy

MINISTRY NEWS

The teaching and healing weekend had a wonderful response with 33 partners staying in residence with us, plus a further 9-10 day visitors. We had a blessed weekend which will be repeated on an annual basis.

INDIA, NEW ZEALAND & AUSTRALIA

We leave for India on the 22nd of September to the 7th of October. We will visit Derek Prince Ministries right down South for a week where we will visit a number of Churches. This will be followed by helping with the graduation of some of the 1800 students who studied this year, ending with a mass crusade where up to 100,000 people are expected. On 7th October, we will fly to New Zealand and Australia for a prolonged visit until March 2011. The churches there are really fundraising for Bibles and many have asked us to speak in their churches, so it will be a busy time. Our phone number there is 0064 (0)33123302.

IMPROVEMENTS TO THE MINISTRY

For the last 3 years, Suzanne and Wilfred have been working a 14 hour day and have been suffering from burn out. Rebecca their daughter is also getting married to Sam in New Zealand and they will return to England to live in Birmingham. Suzanne and Wilfred have therefore subdivided their home to rent out the main house and have employed a volunteer secretary called Amanda for the Ministry who will live in the other part of their home. Suzanne and Wilfred will share this part of their home with the Secretary. Amanda starts on 1st September with Peter Clack who retired and is taking over the management of the Ministries. Robert a Trustee is taking over the Book- keeping. This will relieve Suzanne of ¾ of her work load to give her more time for prayer and evangelism, in obedience to the Lord, so the ministry can continue expanding.

PLEASE PRAY

- 1) For a successful and safe trip to India, New Zealand and Australia.
- 2) For the new staff at the Standlake home base.
- 3) For all the Bibles needed for each student.
- 4) For £1,250 needed for Pakistan to replace The 3 Bible Schools washed away in the floods in Pakistan along with their generator, keyboard and 40 chairs.
- 5) For the Ministry to continue in the centre of God's will.

Thanking you, from,
Suzanne and the team.
