India Report

After challenging death threats, Suzanne, Andy & Bella set off to India anyway to speak at a large crusade of 20,000 people per night.

For the first week, they visited Derek Prince Ministries, India and spoke at a large church that went out on TV and internet TV. Suzanne then spoke at two Bible Schools and a Pastor's meeting and several people received healing, including deaf and dumb.

They then flew to Bhimavaram where they opened some churches and did an evangelists conference where they gave out their certificates and Derek Prince books.

They then spoke at the mass crusade where thousands received Jesus each night and testified of their healings. So much so that the newspaper reported on the second night "Christian God holds back cyclone so He could bless His people with many healing's". "Many reported of receiving their healing." This was because the Lord held back rain in the town while everywhere else it was pouring.

After the crusade, five newspapers showed pictures and very complimentary articles about the crusade which also went out live on TV each night.

Since the crusade, 31,924 people have sent in decision cards declaring their new faith in Jesus.

Suzanne speaking to the mass crusade in India

Andy & Bella's India Report

Andy and I were privileged enough to spend two weeks with Suzanne in India. We did not know what to expect but knew that it would be an incredible adventure- and we weren't mistaken! During those two weeks we felt as if we were living in the book of Acts. We witnessed miraculous healings, experienced the joy of new believers at their church opening, and were able to see the remarkable sight of thousands of people standing up and accepting the Lord at the crusades. This trip was a real honour as we were able to see firsthand the fruit which is being produced as a direct result of Suzanne's walk in obedience and her heart to do the Father's will.

On our visit we heard Suzanne's powerful teaching on 'Victory over Sin', followed by many healings, including a lady who was

born deaf and Jesus opened her ears there and then! The absolute look of joy on her face is something we will always carry in our hearts as we came face to face with the transforming power of Our Lord Jesus Christ, Praise God!

At the crusade, Suzanne spoke on the Disciples and the Storm, and how the disciples needed to invoke their authority to command the storm to stop through their faith in the name of Jesus.

The second week we were able to see some of the churches which had been planted, attend a Pastor's conference and also witness the three day crusade. It was a real delight to see some of the churches and communities where so many people have accepted Jesus. There was such a passion and joy for the Lord which was incredibly moving. Many of the churches were in villages and small communities in impoverished surroundings. However, as soon as the people began to worship they became the richest and most loved people imaginable. The Lord just seemed to pour out His love and passion on these people, it was again such a blessing to witness.

Finally, at the crusades we saw yet more of the presence of the Lord and how He is such a faithful provider of blessing and goodness. On the second evening a white bird had appeared and flew over the area three times and a very gentle rain had fallen for a short time. When we left we were told that there had been heavy rain all over the area and the following day one of the headlines in a national paper had stated, 'Christian God holds back rain to bless His people with many healings.' It really was an incredible experience.

This remarkable time with Suzanne and her team highlighted to both of us the reality of stepping out in faith and claiming the victory for the Lord. Suzanne's ministry is a pivotal ministry which is expanding the Kingdom throughout the world and with united prayer and continued financial support, God will continue to bless and draw his people to Him.

HIS victory is OUR victory - we just need to live in the full knowledge of this.
