

SUZANNE PILLANS

In 2003 God began to lead Suzanne into a new place in Him of abiding in His presence. As she spent time with God, an increase in God's anointing began to flow through her.

God then led her to go on many trips to Africa where miracles began to happen – sight given to the blind, deaf ears opened – creative miracles took place before her eyes.

In 2005 God gave Suzanne a strategy for reaching every little village of Africa within five years and God's Bicycle Ministry was birthed. Evangelists are trained in a Bible School run by their pastors for six months, then given a gift of a bicycle, mega phone and bible, and sent out to preach the gospel in their own areas.

Since its inception in April 2005, 3,343 evangelists have been trained and 10,822 churches established. Thousands have come to the Lord and a further 1000 evangelists are being released this month. Next year 10,000 evangelists have enrolled for the Bible Course, so it is accelerating at a very fast pace. God has extended this to 13 African countries, and also India, Pakistan, Burma and Philippines. The evangelists carry the anointing in their lives to heal and it is impacting all whom they come in contact with.

I see Suzanne as an end time evangelist, with a strategy that is low cost and reaching the remaining unsaved people. God's hand is on this ministry and upon Suzanne and we are privileged to have her come to Rangiora next February from 12th-25th. She will be speaking at Rangiora Baptist Church on 15th February at both services and a joint Church service on the night of the 22nd February. There will also be a mid-week Wednesday night meeting.

I have come to share this so you can encourage your home groups to have faith and believe for their healings and to pray whom they can invite who are sick and needing healing. If you want her to come to your home group personally, please ring me and I will see if we can fit it in.
