

HIRED BUSES FOR THIRD NIGHT

"The images I will treasure most from this life-changing trip came from opening churches in the little villages of Andhra Pradesh. The villages rushed out from their humble homes to greet us with blessings (and garlands) as we approached the small buildings, that we had come to open, and bless as their new churches. Their simple joy and spiritual hunger were as evident as their material poverty. The women were all beautifully dressed and everyone radiated a grace and humility that was deeply refreshing for us Western travellers.

During the church blessings and baptisms (in the village wash pond and a local river), I believe I sensed a spiritual discernment that went with the material deprivation at both the villages and the crusade. I believe they had open ears, eyes and hearts for the Truth because their understanding had not been clouded by succumbing to the ceaseless TV stream of materialism and humanism. I may be wrong but I now have the desire to find that out."

From, Robert Brown

Robert is one of our trustees. He agreed with me to hire busses on the third night so that the poor could also attend the crusade. So far 7,962 decision cards have been followed up and 28 churches have been planted as a result of this crusade.

We have been invited to do another crusade on 28, 29 and 30 of October and Oxford Bible Church have offered to sponsor half of this crusade. We thank them for this wonderful support. Please would you consider supporting this great crusade?

MIRACLE IN ZAMBIA

Due to feeding 2,000 orphans, we were unable to do any crusades since 2010. Last year I sought the Lord about this and He told me to tell David to ask the Chief for 125 acres of land. David did so and the Chief gave us the land for the orphans. David then planted the new land with a maize crop.

January, David phones to say that millions of caterpillars were eating up the maize. 'Who gave us the land' I asked, The Lord. 'Then I replied go to the land and command the caterpillars to die in Jesus name' David did so and the next day checks the land to find out that every caterpillar was dead. He ploughs and reseeds what the caterpillars had eaten and the maize is growing beautifully. We expect a bumper crop next month.

This along with the wonderful work Joy Johnson has done with introducing organic gardening, soap making, and sewing businesses to get the orphans self-sufficient, meant that we could do crusades again this year. Thank you. **We thank Oxford Bible Church who paid a big portion of this crusade, Thank you very much.**

OTHER NEWS

With 10,000 turning up to pray the New Year in, in Uganda, we are experiencing a wonderful year. With South Africa and India already visited, exciting radio crusades in Sierra Leone, Telephone crusades to the remote villages of Pakistan with instant healing's weekly, We have also spoken in various churches in England and on Premier radio, keeping us busy.

The orphanages in Africa are gradually becoming self-sufficient under the excellent work of Joy Johnson, New Zealand. Our needs are roofing sheets, plus a water purification plant for Pakistan from UK. Other needs are for the Bible Schools, Bibles and October Crusade in India.

We would like to thank all of you for your support that enables these wonderful results for the Lord. God bless, from Suzanne.
