

water sometimes walking 6 to 8 hours in search of dirty water. Being able to have a water supply within their own community is such a great blessing. Here is one Pastor's response after the well was drilled and the water came up.

Sister Joy, from my heart I want to thank you and the sponsor who gave the money for our bore hole. Sincerely give this person our regards and appreciation for their passion.

When the water came out we were as if we were dreaming, that day many people from all corners of the community came to see the miracle and we had the opportunity to preach salvation, 79 souls came to Jesus Christ.

During this day when the water came up, many people especially the men praised God because their wives and daughters were being raped on their way to look for water. But for now this has ceased and the men are not travelling a long distance to let their flocks have a drink. WE ARE SAYING A BIG THANK YOU AND MAY GOD BLESS YOU.

Land for displaced widows

During the trouble in Eldoret in 2007 many people lost their lives and many were displaced from off their land. There was a group of 867 widows, who had lost their husbands in the tribal war and lost their homes and land.

The good news is that with the Government helping, and the Chief, and Governor, and the widows contribution, along with sponsor gifts, we have been able to make the final payment on the land for the widows.

Each will own their own parcel of land that is registered in their names. They can erect a dwelling for them to live in and grow their own gardens to feed themselves. They have all been taught on how to make composts to improve the soils.

This is the hand of God helping these widows whom He cares about so much.

Thank you for being a partner in all we are doing, we appreciate all the help you have given to us through your prayers and financial gifts. From Joy Johnson, 'Step Out In Faith Ministries,' New Zealand.

NEWS FROM THE UK

When Jesus commanded all new believers to get baptised it was for a reason. A person who had been everywhere for help phoned in for help. 'Lord', I whispered 'Why could they not help this person?' 'Baptism' the Lord replied. 'Have you been baptised?' I asked. 'No' came the reply. I said, 'You need to be baptised so the devil can lose his legal right over you.' Going down into the water you identify with the death of Jesus. Coming out of the water you identify with His resurrection, born again to eternal life.

We had three baptisms in May and all three were either healed or set free spiritually. Below is a testimony of one of them.

Dear Suzanne,

I want to let you know that I believe God has healed Ruth of epilepsy since you prayed for her and she was baptised in May last year! Her consultant, Dr Jane Adcock has written to the GP documenting Ruth's report that Ruth has not had any 'episodes' or seizures for 5 months now. It has taken Ruth a while to accept this change and she still takes medication but she is so much more relaxed and is becoming interested in herself again (body and clothes) and has an offer for studying at University in September. So she has come a long way thanks to God! Every Blessing Elly Wastie

We are so thankful for your partnership and support in different ways, especially prayer for the ministry is so important. We are also so grateful to 'Derek Prince Ministries' who partner with us in providing the 'Life Changing Spiritual Power' and the 'Self Bible Study Course' books by Derek Prince to thousands of our pastors.

The radio ministry has grown. Due to many thousands listening in every Sunday morning in Liberia at 7am and Sierra Leone at 8 am, we are given extra slots free of charge. In Sierra Leone I now speak 9pm Sunday evenings as well covering subjects like overcoming the prosperity cult, true and false prophesy etc. The whole of the Bible School of evangelism is now being taught over the radio every Sunday as well as the extra slots during the week.

Regular weekly preaching to new villages in Pakistan hear of people healed with every phone call. People come to Christ weekly due to Jesus healing the sick. Last week a lady who was dying was instantly healed. A paralysed 12 year old girl could suddenly get up and walk. People brought to the meeting on stretchers were also healed.

The Bible Schools of evangelism continue to grow steadily. In some countries the growth is small and other countries the growth is doubling or tripling every year. We are now looking to get the courses translated into the more needed languages and put on our website to be downloaded by the teachers or students. We hope to start on this very soon.

Teaching healing and prayer weeks or weekends continue monthly at Erw Coed in North Wales and once a year at the Ranch. Please email suzannesministries@gmail.com or phone 01865 300099 if you wish to come on one of them. We will then let you know the dates. These small tailor made retreats are really helping people. Thanking you and God bless, From, Suzanne and Wilfrid.
