

MINISTRY REPORT FROM GEOFFREY AUMA SOIF DIRECTOR OF THE EAST AFRICA WORK

SOIF work has been a great blessing and encouragement to both staff and beneficiaries. We have faced many challenges and also breakthrough and we appreciate everybody who stood with us and prayed. God has given us the victory.

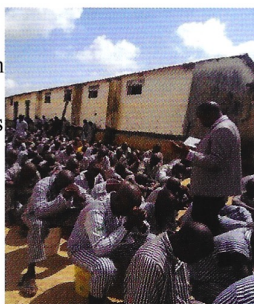

Three of our teaching staff became ill, Victoria got malaria/typhoid and as a result became mentally ill, she has just been released from hospital into the care of her mother until such time as she can speak again.

Pauline, my wife, got a blood clot in her lungs and Irene collapsed while teaching due to high blood pressure. Two of our students died due to ill health, but the ministry and staff soldier on. Please pray for us.

After classes come confession of sin. The Truth of the Word convicts the prisoners to give themselves to Jesus who is the Truth. We thank God for our SOIF prison teachers for their love and great effort.

Secret Class in Congo

(The secret class in Congo is run by one of our teachers who went beyond the rebels in the forest to make a class.)

Spiritual education is a key to the breakthrough. Pastors and entire Church leadership have accepted another opportunity for them to be empowered into the knowledge of God, by attending our Bible Schools for two years. Their dedication to the classes shows their appreciation to SOIF Bible School. Our sincere gratitude goes to all who have made it possible for African Pastors to be built up in their calling.

Receiving 3rd Term items

The orphan children have NZ sponsors who pay for their education and care. We still have several orphans who are not sponsored. Sponsorship is \$7 per month.

We take this opportunity to appreciate Suzanne Pillans for the gift of SOIF vision. Our sincere appreciation goes to Joy Johnson who tirelessly campaigns to make sure there is life in Christ in Africa. May God extend your territory and give you the "joy of salvation".
