8) **Prayer ministry by telephone**, as people phone in for healing needs. We are also raising up a prayer team. If you would like to become one of our prayer warriors, please send us your phone number and email if you have one. Victory won in the spiritual realm through prayer becomes victory in the physical realm, so the more prayer warriors pray the greater the victories will become.

**Ongoing News**, we are completing three building projects. An orphanage school in Sierra Leone, the roofing of an orphanage school in Liberia and a building in Ghana. We thank all of you in the UK and Australia for making this possible. The radio ministry has grown to 5 broadcasts every week, plus sometimes extra broadcasts.

**New Work**, Duncan Silenie is from an unreached people group. The Ogiek people's live in the jungle of Egerton Njors in Central Kenya. They still wear animal skins and live solely from eating what they can catch in the jungle. Duncan is one of the few who has learnt to read and write. He became a Christian and now wants to reach the 10,000 of his jungle tribe for Christ. We are helping him with our bible school and organic vegetable gardening techniques.

We are all a team in this wonderful work the Lord is doing and I see you as a valuable partner with us in this vision. Thank you for your part in it, however great or small.

Please remember to use '**Step Out In Faith**' in all areas of the ministry from now on, Thank you.

Please phone or email us if you wish to come on a group **Teaching Weekend**, or come for a personal stay in '**Elijah's Cottage**.'

Please let us know if you would like to become a **prayer partner**. Thanking you, from, Suzanne and team.
