## FOCUSING ON SIERRA LEONE.

**Radio Work:** On the 3<sup>rd</sup> of August while preaching on radio via phone, I was asked to pray for the flooding rains to stop, as houses were being washed away and four people had died. As I prayed for the rain to stop in Jesus Name, the manager came in saying that he believed that Jesus would stop the rain by the next morning, so offered us a half hour slot the next day on radio to give thanks.

The next day I phoned in to find out that the Lord had stopped the rain during the night saving further damage. We thanked and praised the Lord over radio and prayed through the sinners prayer for those who wished to receive Christ.

**The Orphan School.** The roofing is now complete and the toilet block nearly finished. The school will open in October with 120 children. Letters of appreciation have been sent to thank all of us, for building the first school these villages have ever had. The letters were sent by Chief Gatia, Chief Sae Mpha and Chief Sae Alpha of the three villages involved, plus Pa Momeh, head, Yalla Bockarie, women's leader and Amelia Nforals, Youth Leader.

Orphanage school being roofed.

Bobor showing corn, results of the well.

People responding at telephonic crusade.

**Gardening Gods Way.** Earlier this year Pastor Bobor told me how poverty in Sierra Leona was causing despair amongst the people. I said "Well the people must have something they could do to come out of poverty." He replied there was no work available, nothing. "What do you have" I pressed. "Only Land" he replied. "You have land? and water?" "Only that" he replied. "If you have land and water, then you can grow crops." "We don't know how to grow crops and we have no tools." "I will teach you then." I have been teaching gardening over radio every Thursday since then, bringing in the Gospel message with it. The results have been so amazing, the crops are growing well and people have received Jesus as a result. I am now repeating the teaching course on it.

**A testimony.** "Greetings from Sierra Leone. I am so blessed by this organic teaching. It is over 20 years, I have never discovered this teaching and it is very important to get involved in agriculture. We currently have a corner garden. I want to extend gratitude for supporting us. It is a blessing to our nation and people."

**Telephonic Crusade report.** "We are grateful to "Step Out In Faith" causing revival, transformation and deliverance to many lives in Sierra Leone. Many people today testified. People were blessed, saved, and delivered from diverse spiritual and physical problems. Through the outreach work we have been able to plant churches and train up pastors through "Step Out In Faith Bible School." Suzanne's books have also been a tool to equip many pastors and leaders in their pastoral work and made them effective and efficient in their calling."

**Thank you.** We thank you so much for all your praying, giving or other involvement in this exciting ministry for the Lord. Because of you, this work is able to continue. If any of you would like to become a prayer partner, please let us know via email [suzannesministries@gmail.com](mailto:suzannesministries@gmail.com) or by phoning 01865 300099. We also have room for visiting guests needing prayer or a rest during the week, or when we have a weekend available. We have converted two bedrooms in the ranch with en-suite, lounge and veranda overlooking the lake. This is to replace Elijah's Cottage which is now used as accommodation for Jacky, who is helping us with the running of the Ranch.
