

NZ SOIF News

Our Kenyan Bible School students have all been having their tests on what they have been taught and the good news is that three quarters of the students are above average in their marks. This shows us they are understanding and retaining the material that is being taught. Praise God.

Dan Sika one of the Bible School teachers in Kenya, teaches Suzanne's course on Pastoral care, how to handle the Lord's Table, weddings, dedication of babies, baptism etc. After teaching Dan divided the class into 4 groups so they could practise on one another and then next month each group will do their presentation to the class. A very practical way of learning especially as a lot of pastors attend our Bible Schools who have had no formal training, so this is very helpful to them.

Stephen Ogaga, our leader in Kenya, after teaching the Bible School takes students with him to visit the students who have not attended. This gives them a practical and Biblical view of Pastoral care.

Abbey Lwanga, one of our Bible School teachers in Uganda, takes out his students on evangelistic outreach and also takes out his church members every Sunday night to reach out to the lost with the Gospel.

Stephen also takes his church members, door to door sharing the Gospel and has seen God's faithfulness in doing this.

Our Bible School teachers are Godly men and women who have a passion to reach out to the lost with the Gospel. We praise God for them all, and their passion, as this shows clearly in how they teach.

Testimonies

Sickness healed. One student couldn't eat but after prayer in class she began to eat and drink again.

While out evangelising, the class met a lady who was chained because she was suffering from demonic attack and an evil spirit. The team preached to her and she was saved and the Lord delivered her from the power of darkness.

Many students are experiencing healings and a renewed passion to preach the Word.

The Lord is setting people free from demonic oppressions after the teaching of the Derek Prince's material on Blessings and Curses. Stephen, our leader in Kenya, says it has been a very powerful teaching affecting many students setting them free.

We praise God for all the good things that are taking place in our Bible Schools.

Primary Schools Uganda

The last photo is of the children at Lake George School receiving their new school uniforms. All our schools have had new uniforms made for the sponsored children. This is special as mostly these children never get to own anything that is new.

A new 4 classroom block is going up at Lake George school which will complete all the classrooms needed for this school. This is absolutely a miracle from God that we have been able to do this.

At Kibaale school we have put in a well with piping to taps, over the school /church compound. Lots of lovely clean water is now available to this school and community.

We are rejoicing at all God has been doing through your prayers and financial support of this work. We serve a Big God who is well able to Do Great Things on Behalf of the Poor.

COMPASSION EQUALS INVOLVEMENT

Many Blessings

Joy Johnson
