STEP OUT IN FAITH

UK Charity Number: 1115648 / Company Number: 11820396 / suzannesministries@gmail.com

2021 SPRING NEWSLETTER. The Ministry continues to expand. We now have three Gospel broadcasts and six 'Farming God's way' broadcasts on radio every week. We also pray for the sick on radio.

Testimony, Massah Koroma, who was a Muslim, was sick for two years with a serious growth. She could not afford medical treatment. One morning she listened to our radio broadcast and received instant healing. She then received Christ.

We are also uploading one teaching video a week onto YOUTUBE. This came into being from a dream I had of the Lord asking me to do it, followed by a phone call from one of our partners who had a dream at the same time. She sent money for the equipment. Then the Lord sent Elishua to film, edit and teach me how to do it. Go to www.suzannesministries.co.uk Home page and press YOUTUBE.

In Sierra Leone, All the building work is now complete and in use. A new water bore hole has been drilled near the new church and school. This will be the first fresh water for the town and will be completed next week. The people are very excited about it.

In Liberia, Jonathan's daughter has built up a successful chicken farm, by following her dad's example of opening a business to become more self sufficient.

In Ghana, The graduations are now complete and the new students for 2021 are getting on with their studies.

In Nigeria, Oladipo and his team were attacked by bandits on their way home from Northern Nigeria. They had a narrow escape, though one of the team was injured and had to go to hospital for a head wound.

Here in England. Healing testimonies are also coming in. Shirley Morrison had cancer two years ago. She phoned in for prayer, Jesus healed her. She went back to the hospital to check if she still had cancer, they found none. The cancer has never come back.
