Step out in faith

UK Charity number: 1115648^C / Company number: 11820396

END OF YEAR NEWSLETTER 2021,

JESUS OVERCOMES EVERY OBSTACLE.

Pakistan, What a Privilege to do video crusades over WhatsApp. A few weeks ago, I prayed for a crippled girl who limped on the outsides of her very turned in feet. I prayed 'Receive your healing In Jesus Name' and she was suddenly able to walk normally. Afterwards I asked the Lord, how He would want to wait for the prayer of our feeble voice to heal at that very moment. The Lord answered me in a parable. "As the internet is linked via the satellite connecting you to any person worldwide, so prayer is linked to the God-head of Heaven enabling healing to the person you are praying for, anywhere on earth." I answered "Wow" "The Power Of Prayer."

Sierra Leone, When Covid19 closed the churches in Sierra Leone I started radio church, always ending with the sinners prayer. This year people who had responded to the sinners prayer, began phoning in asking how they could get baptised with no churches open. Pastor Bobor took down their contact details and divided over the hundred people into three areas and got them all baptised. We will carry on doing this.

Ghana, With times getting harder we felt led to try and get our African work independent of monthly giving in case we can no longer send money. David was going to start a water project, but decided that to build two small homes on his land to rent out, would be better as far less work is required, enabling him to carry on the Lord's work unhindered. We managed to get most the work done before the increased prices.

Nigeria, Oladipo continues his work up North in increasing dangers. After he prayed about this, the Lord led him to rather open small house churches with a maximum of 15 people. He has already opened 50 small groups up North and 30 down South. The leaders download our teachings weekly from our You Tube channel to teach the small groups via laptops.

Thailand, Nicholas Bensted is working on planting churches in his city, as well as reaching into the remote villages. We connect every Thursday via Zoom to pray for the work.

England, Standlake Ranch, due to Covid19 had to close its group accommodation with the new social distancing rules. We changed the use to residential and now have a Christian Community who live on the middle floor. We have four bedrooms on the top floor open for guests.

If you would like to come for a rest, prayer or ministry, please phone me on 01865 300099 or email me on suzannesministries@gmail.com

You Tube, There is a lot of teaching, testimonies and healing clips already uploaded for viewing. The Lord told me to do this in a dream last November and then confirmed it through one of our partners whom the Lord also spoke to, through a dream the same night. She gave us money to buy the equipment needed. I was very unsure, due to my total lack of knowledge in this area, but God had that in hand as well. He sent us an evangelist who taught me how to edit and upload videos, until I was well able to do this new work, now totally cost free.

To watch the videos, go to www.suzannesministries.co.uk. Click videos and choose what you would like to watch. If you like them, a thumbs up or a comment encourages more people to watch.

Thank you for being part of all that the Lord is doing, God Bless You, From Suzanne, Wilfrid and team.
