We thank every partner who has given to this ongoing work of the Lord. The Lord is doing some amazing works. In South Africa Jesus heals Clayton. Suzanne prayed for Clayton in 2008. He had been paralysed in his whole body for 1 ½ years. All he could move was his eyes. This had been caused by water on the brain and the doctors had given up hope of any recovery.

His parents took him home and fed him by a drip and asked Suzanne to pray for him 3 years ago, but nothing happened. Suzanne came home in tears and cried out to the Lord, "Please Lord, help me to never leave a child in this condition again due to my lack of faith. Please Lord, give me more faith." She returned to England and still prayed for him.

Some time later she received this e-mail. "Do you remember Clayton Jacobs and his mother Wilma at Humansdorp who you prayed over? Clayton was almost like a vegetable, and you were upset that there was no response to the prayer. That young man is all but perfectly restored. He is going to primary school and is obviously a bit behind in years and the only deficiency that can be seen is a pair of spectacles. His brain and his body is just perfect! Isn't the Lord good! Ever your brother in Christ,

Rev Alan Stansbury.

This miracle happened within 3 weeks in 2008

## Orphanage News

The Zambia orphanage has grown to 500 orphans. Many are already fostered out to new Christian families. They come to school daily for food and education. They have made some toilets, dug the foundations for the school and made bricks for the new school / church, now that the rainy season is over. They thank every supporter for what they have received

## Telephone Evangelism

How do you visit 23,000 evangelists? Jesus has the answer – by phone.

Every day Suzanne is teaching students in 2 day teaching conferences in Uganda, Pakistan or India or speaking in outreaches to remote villages, all by phone.

Suzanne says, "You can actually see where the students are spiritually by their vocal response. If they go silent you know they are struggling, with sin or unbelief. I then work in that area.

In Uganda a bible school was struggling to believe the Lord could heal them. I asked those who needed to be baptised in the Holy Spirit to stand. Most stood. After they were baptised in the Holy Spirit, I told those who were sick to lay their own hands on their sickness and tell the sickness to go in Jesus' name. Only two received healing and testified. I told the rest of them to sort themselves out with God in prayer and if they did believe that Jesus is Lord and receive healing that they would be healed and I ended the call. Four hours later, they phoned to say that the evangelists did sort themselves out in prayer and as a result every person received their healing.

Another time, speaking on the Armour of God to the Congo, the phone went dead near the end of the talk. A few hours later Edward phoned to apologise, saying that the Holy Spirit had come down on the whole bible school and everyone fell on their faces on the floor in repentance.

About two phone calls everyday and Jesus does the rest. He is preparing evangelists to go out, not just to preach the gospel but also to demonstrate that Jesus is alive. Every phone call is met by Jesus healing the sick. All I can do is praise Him.

## Healing testimony from New Zealand by Joy Johnson

In February 2009, Meralyn came for prayer to meetings where Suzanne was preaching. Arthritis kept her in a wheelchair. At one meeting, with help, she got out of the wheelchair and walked 5 steps. During the year Meralyn continued to believe until she was healed.

In February 2010 in Nelson, Meralyn came walking in unaided with no wheelchair and gave her testimony.

## **Prayer Letter = Power, Authority, Love**

### **Power**

The power of the Holy Spirit, through the 9 supernatural gifts enable all of us to walk with confidence in them. The three vocal gifts, tongues, interpretation of tongues and prophecy are prayer gifts. You have to come to know God and hear His voice in order to flow in any of the vocal gifts effectively.

The three intellectual gifts, discernment, knowledge and wisdom are learning to hear God for His discernment, His knowledge, His wisdom, in total surrendered obedience. These 3 gifts result from the first vocal gifts of hearing God. As we hear God, so God gives us the gifts of discernment or knowledge or wisdom as to what we need at that time. This will, in turn, result in the 3 power gifts of healing, working miracles and faith, as God confirms His instruction to us with signs and wonders following - *true* power of the Holy Spirit.

### **Authority**

Authority is a higher level than power. We receive authority as we grow up into Christ who is the head and learn to use the authority of Jesus' name. Jesus has the authority over every sickness and demon. As the bible says, 'Every knee must bow and every tongue confess that Jesus Christ is Lord,' and this victory Jesus won on the cross. Every sickness has a name, every demon has a name and at the name of Jesus, they have to GO. This is taking command in Jesus' name.

### **Love**

Love is the highest level. The love of God that makes things happen. That enables you to go the extra mile, give the extra pound or pray that intercessory prayer, sometimes in tears. It is this that breaks the yoke. When I thanked Jesus for healing Clayton in 2008, who had been paralysed for 1 ½ years, the Lord reminded me that I had cried when he had not been healed instantly. He then showed me John 11 v35, 'Jesus wept.' Jesus then went on to raise Lazarus from the dead. Had the Lord healed Clayton, because I wept for Him? I cannot answer that. What I can share with you is that I saw Jesus instantly heal three children paralysed from birth in 2009: a three year old child at the April crusade in India, a seven year old boy in Bulgaria and a one year old baby over the phone. Only Jesus can do such incredible miracles. Let us all come to Him and learn from Him, how to walk in His Power, His Authority and His love.
